First Aid, Defibrillator and EMS:

- First aid kit and access to a defibrillator located at site near registration/tournament desk.
- Local EMS - call 911

Emergency Action Plan:

During an emergency, the site convenor and teacher supervisor of the student athlete, will take care of the immediate needs of the participants involved in the incident, prevent the situation from escalating, and follow the steps below:

- i. Assess the situation to determine if immediate medical care is required or if assistance is required.
- ii. Account for all participants and remove participants from further danger. A supervisor will take charge of the group, provide comfort and necessary information to all involved.
- iii. Call 911 or necessary emergency services for assistance, depending on area/location.
- iv. Arrange for the administration of first aid or CPR as required.
- v. Call the school emergency contact. Contingency planning should be coordinated with the school emergency coordinator.
- vi. In life-threatening situations, call the school contingency contact after alerting emergency services.
