Message From Assistant Director Nicole Grinsell

The OFSAA Student Committee is a new initiative introduced this year to serve as the collective voice of Ontario high school student-athletes. The committee aims to ensure student-athletes feel heard, supported, and meaningfully represented within OFSAA, while also contributing directly to the organization's direction. This inaugural year will allow OFSAA to explore

the feasibility and long-term sustainability of a provincial student committee, while intentionally creating space for student perspectives to inform initiatives and generate actionable insights that can shape future engagement.

Looking ahead, the committee will continue its work throughout the school year, with the next meeting scheduled for September. At that time, members will establish key goals and initiatives for the year, and begin early planning for the May Student Conference. A central focus moving forward will be developing this conference into a student-driven experience that reflects the voices, interests, and priorities of

student-athletes from across the province.

Following the first meeting, the committee elected co-chairs: Evvie Lake (North - NWOSSAA) and Benjamin Kim (Central - YRAA). The co-chairs will support the facilitation of meetings, help guide agenda development and discussion, serve as liaisons between the committee, OFSAA staff, and the Board of Directors, and assist with coordination of committee work.

I would like to extend my sincere appreciation to Mike Rowley and Maria Morris, who have worked alongside myself and OFSAA staff to support the development and implementation of the Student Committee. Their collaboration has and will continue to play an important role in guiding the initiative as it takes shape.

As a new step in strengthening student engagement within high school sport in Ontario, the OFSAA Student Committee represents an important opportunity to elevate student voice and foster meaningful collaboration. The enthusiasm and engagement demonstrated in its early stages reflect a strong foundation for continued growth and impact across the organization.

All of us at OFSAA are really excited for this new initiative and we can't wait to get started with our 2026-27 kick-off meeting in late September!

It was encouraging to see how many schools embraced the fitness theme for their Try Day program in 2026. Many schools used the funds to buy fitness equipment, introduce innovative fitness concepts, add fitness-related activities such as yoga, or conduct a new active sport. 180 schools throughout the province were approved for the grant. Student-leaders again assisted with the organization and conduct of the Try Day programs. The fitness theme highlighted one of the main aims of the Ministry's initiative for this funding – the value of activity to the health of persons of all ages.

An innovative OFSAA Try Day activity was hosted by St. Paul Catholic Secondary School in February – the inaugural student-led Snow Snakes Tournament.

Please enjoy the fun tournament recap from the Algonquin & Lakeshore Catholic District School Board's website:

Honouring Indigenous Tradition Through Sport

St. Paul Catholic Secondary School hosts inaugural student-led Snow Snakes Tournament.

Thanks to a \$700 grant from the Ontario Federation of School Athletic Associations' 'Try Day program', students at St. Paul Catholic Secondary School explored the grants' theme, 'Focus on Fitness', and embraced a new winter sport rooted in Indigenous tradition.

For the past two weeks, Mrs. Gauthier's Grade 11 English

- Understanding Contemporary First Nations, Métis, and Inuit Voices (NBE) class in partnership with the Board's Indigenous Graduation Coaches, Eli and Mahaley, explored the rich history and cultural significance of Snow Snakes, a traditional Haudenosaunee winter sport.

The project culminated today in a Snow Snakes Tournament,

which was planned and led entirely by Grade 11 NBE students. Guided by Mohawk community knowledge keeper and Snow Snake player Kanonhsowanen Dustin Brant from Tyendinaga Mohawk Territory, students participated in land-based, experiential learning where they discovered, firsthand, how this traditional game carries deep cultural meaning and continues to build community.

Grade 11 NBE student launches snow snake at inaugural tournament.

As part of their preparation, students researched Indigenous athletes, the Arctic Winter Games, sport as resistance to racism and prejudice, and the role of traditional Indigenous games in cultural resurgence. After presenting their findings, the class voted to bring Snow Snakes to life for their Try Day initiative.

From there, learning moved into action.

In the school's Technology and Skilled Trades classrooms, students crafted their own snow snakes from wooden dowels; whittling, sanding, painting, sealing, and waxing each piece in preparation for competition. They also built a traditional snow track to host the tournament.

Indigenous Education Graduation Coach, Eli Brinklow, works with Grade 11 NBE students on crafting their snow snakes.

In the morning, kindergarten students from St. Peter Catholic School joined the fun, while Grade 7 and 8 students from St. Paul Catholic School participated in the afternoon portion of the tournament.

Kindergarten students learn how to launch a snow snake.

One student reflected on the significance of the experience:

“When a school chooses to include an Indigenous sport in athletics, it challenges the idea that only certain or Western sports ‘count’ or deserve attention. It shows that Indigenous traditions are just as important and supports resurgence by creating a space for Indigenous students to see their culture represented in a positive and powerful way. When we see students playing traditional Indigenous sports, we are not just watching athletics, we are watching culture that has survived colonization and continues to bring communities together.”

About Snow Snakes:

Snow Snakes is a traditional Haudenosaunee winter game often described as a “medicine game,” historically played to lift spirits during long winters. Today the games are played for sport and to build camaraderie. The objective is simple yet skillful: players throw their handcrafted wooden snake down a smooth trough in the snow, aiming for the farthest distance.

Through hands-on learning, cultural exploration, and student leadership, the SPCSS Snow Snakes Tournament was more than a Try Day activity, it was an act of learning, respect, and celebration of traditional Indigenous sport.

Congratulations 2025-26 Alumni Scholarship Recipients

This year, the OFSSAA Alumni Association selection committee chose four student-athletes from Ontario High Schools as the recipients of the Alumni Scholarship. The four winners were selected from over 30 applications that were received from the following eligible associations: CWOSSA, GBSSA, NEOAA, NOSSA, SWOSSAA, and YRAA.

Our 2025-26 winners are Eve Beaudry from ÉSC Algonquin (NOSSA), Charley Pollock from Englehart HS (NEOAA), Kevin Pezzack from Bluevale CI (CWOSSA) and Nicholas Ludgate from St. Peter's CSS (GBSSA). Each of our winners will receive a cheque for \$1,000- as well as a commemorative plaque. Please meet our worthy recipients.

EVE BEAUDRY

Eve Beaudry is a grade 12 student at ÉSC Algonquin who plans to study Nursing at Nipissing University in the fall. During her years at Algonquin, Eve took part in the following sports: basketball, volleyball, flag football and soccer while maintaining a top 10 academic average among her

peers at the school. She was also a foundational member of the Unified Athletes program responsible for Special Olympics at Algonquin. In 2025, she attended a Special Olympics Youth Summit and this year will be part of a regional soccer team

that will be attending the Summer Games. Eve was also involved in community service activities outside of school, an example of which is her involvement as a swimming instructor at the local YMCA. In her personal statement Eve stated that "the athletic program at my school has taught me everything I know about sports, from teamwork and friendship to how to handle wins and losses with integrity and sportsmanship." One of Eve's teacher-coaches had this to say about her impact on the athletic program at Algonquin: "A true leader; Eve understands that empathy and respect are foundational to effective leadership. Leading by example, her determination and selflessness on the court elevate her teammates and foster a strong sense of unity."

NICHOLAS LUDGATE

Nicholas Ludgate is a grade 12 student at St. Peter's CSS. Nicholas was involved in four different senior sports teams at the school including hockey, cross country, track and field and badminton while at the same time maintaining an average of over 85% during his final year of

high school. Nicholas's community involvement is exemplified by his willingness to volunteer at a local senior's home as well as with a local hockey program. Nicholas has also been part of the South Simcoe Cross Country Club since his grade 8 year. Nicholas believes that his involvement in school sport has "taught me how to deal with setbacks. I've learned how to stay patient with myself and trust the process, which isn't always easy." Nicholas's cross country coach had this to say about his coachability and leadership: "Nicholas encourages his teammates and motivates them in a way only someone who is respected by his peers could do." In the fall, Nicholas will be attending Nipissing University to study Health and Physical Education.

CHARLEY POLLOCK

Charley Pollock is a grade 12 student at Englehart HS. Another outstanding student-athlete, Charley participated in three different sports during her high school years; basketball, track and field and badminton. She was also a member of the regional basketball

club while maintaining a 92% average in her course work. In addition, Charley's community involvement was extensive and included volunteering as a leader and fundraiser for the Girl Guides, the local food bank as well as being swimming instructor and lifeguard during not only the school year but also the summer. In her letter to the committee, Charley emphasized that "As a senior athlete and Junior Leader in Girl Guides, I learned how to mentor younger students, promote sportsmanship, and create a supportive team environment. Whether encouraging teammates during competition or helping organize practices, I strive to lead with respect, integrity, and kindness." In her letter of recommendation to the committee, one of Charley's teachers had this to say about her: "it is her versatility that truly sets her apart. To be able to compete at the provincial level in multiple sports demonstrates a rare combination of raw athleticism, discipline, and the ability to be coachable across different disciplines." In the fall, Charley will be studying Kinesiology at Queen's University.

KEVIN PEZZACK

Kevin Pezzack is a grade 12 student at Bluevale C.I. During his time at the school, Kevin participated in the following sports; swimming, basketball, volleyball, badminton and tennis. As well, Kevin was involved in the school's Concert and Jazz bands, was a member of the Music

Leadership Team and was part of the Electric Car Club, the Math Club, the Chess Club and the Fed Prov Club which was a political simulation activity hosted by Wilfrid Laurier University. In spite of his busy schedule, Kevin was able to maintain a 90% average during his final year of high school. His community involvement included working as a lifeguard, aquafit and swim instructor. He

also volunteered at the Waterloo Tennis Club. Kevin said this about the role of high school sports in his overall development: "School sport has been a big part of my life during high school, and it has influenced me for the better. It has helped me make and deepen a lot of friendships; it has made me fitter and healthier; it has helped me set goals and it has been a lot of fun." His swim coach had this to say about Kevin: "It is clear he brings a true student-athlete mindset to everything he does. He's the kind of person who shows up to every single practice ready to put in the work. He is incredibly dependable, but what makes him special is that he never makes it just about his own performance. He is always looking out for his teammates, bringing great energy to the pool deck, and pushing everyone around him to be better." In September, Kevin will be studying Mathematics at the University of Waterloo.

OFSAA would like to congratulate Eve, Kevin, Nicholas and Charley and wish them well in their future endeavours.

The scholarship fund is in memory of Brian Maxwell, a successful distance runner. Brian competed in track and field and cross country and achieved success as an OFSAA champion, and a Canadian junior, juvenile and senior champion. In 1980, he was selected to the Canadian Olympic team and later became a successful entrepreneur who, with his wife, Jennifer, co-founded the nutritional supplement PowerBar.

Brian was born with a defective heart valve and in 2004, at only 51 years of age, died of a heart attack.

OFSAA is appreciative for the opportunity to partner with the Brian Maxwell Memorial Scholarship Fund each year to support students continuing their education in Canada.

Please meet the worthy recipients of the 2026 Brian Maxwell Memorial Scholarship:

Kieva Birmingham of Northern Secondary School in Toronto has established herself as an outstanding student-athlete, leader, and community contributor throughout her high school career. A 12-time OFSAA qualifier in Cross Country and Track and Field, Kieva consistently competed among the province's elite. Her most notable achievements include a 3rd-place finish in Junior Girls Cross Country and a 3rd-place finish in the 3000m, along with an impressive nine top-eleven finishes across her OFSAA appearances.

On the national stage, she recently placed 13th in the 3000m at the U20 Canadian Championships, further demonstrating her competitive excellence.

This fall, Kieva will attend the University of British Columbia, where she will study Applied Biology (Kinesiology) and compete for the Thunderbirds cross country and track and field teams. In the classroom, she has excelled academically, achieving an average above 95% in her university-level courses.

Kieva's impact extends well beyond athletics and academics. At Northern, she played a key leadership role in the Buddy Program, serving as Head Buddy in Grade 12 and helping new students feel welcomed and supported. She also contributed to the Girls Athletic Association, supported intramurals, participated in the school's feminist club, and modeled in the United Way Fashion Show.

In her community, Kieva demonstrated meaningful leadership through the Leaside toy drive and volunteer work in an occupational therapy clinic. She is widely admired for her enthusiasm, character, and commitment to others.

Aiden Clodd of Brooklin High School in Whitby stands out as one of the most well-rounded and dynamic student-athletes in recent years. A gifted performer and creative contributor, Aiden was deeply involved in school theatre, most recently appearing in *Snoopy: The Musical*. He also performed with the National Theatre School production of *The Writers Block*, where he played the lead role in a student-written play. His passion for storytelling extended to film, collaborating with peers to produce a short film for a festival, while his participation in the Ontario Justice Education Mock Trial Competition sparked a growing interest in pursuing law.

Athletically, Aiden has been equally impressive. An eleven-time OFSAA qualifier across cross country and track and field, he captured the OFSAA Open Boys 2000m steeplechase championship, marking a standout achievement in his running career. His consistency was evident with a fourth-place finish in cross country in Grade 10, followed by consecutive 11th-place finishes in Grades 11 and 12. He also contributed to his school's mixed 4x400m relay team, which placed fifth in its inaugural appearance at OFSAA.

Beyond school, Aiden has demonstrated extraordinary commitment to his community, volunteering over 2,500 hours at Camp Quin-Mo-Lac and participating in Scouts Canada. This fall, he will attend the University of Guelph to study History while competing for the Gryphons.

Sabine Cornell of Collingwood Collegiate Institute has distinguished herself as an exceptional student-athlete, leader, and community contributor. As the fourth recipient selected from CCI, Sabine leaves a lasting legacy of excellence and involvement. This fall, she will attend Queen's University, where she will study Life Sciences and compete with the Golden Gaels' cross country and track and field program under Coach Mark Bomba.

A nine-time OFSAA qualifier in cross country and track and field, Sabine consistently competed among Ontario's best. Her top individual result was a fifth-place finish in Junior Girls Cross Country, complemented by three sixth-place finishes on the track. A highlight of her career came in Grade 9, when she shared in an OFSAA team gold medal in Junior Girls Cross Country. A well-rounded athlete, she also contributed to her school's soccer, swimming, and Nordic ski teams.

Sabine's commitment extends beyond athletics. At Collingwood Collegiate, she was actively involved in the Environmental Club, Link Crew, Athletic Council, and peer tutoring, all while maintaining a 95% academic average. She is fluent in French, earning a B1 designation on the DELF exam.

An accomplished musician and environmental advocate, Sabine plays piano and clarinet and has achieved Grade 6 with the Canadian Conservatory of Music. This summer, she will serve as Head of Tripping at Camp Mi-A-Kon-Da, reflecting her leadership and dedication to personal growth.

Owen Daber of Renfrew Collegiate Institute has established himself as an outstanding student-athlete, leader, and contributor to his school and community. This fall, Owen will take his talents east to the University of New Brunswick, where he will pursue a Bachelor of Science in Kinesiology while continuing his athletic career with the Reds cross country and track and field programs.

Throughout his time at RCI, Owen has embraced every opportunity to make a positive impact. He played an important role in the school's athletic banquet, serving as host last year while also assisting with planning, setup, and organization. He was a dedicated member of Reach for the Top and contributed as a peer tutor, supporting Grade 9 students with academics and organization as they transitioned into high school.

Owen's passion for athletics and communication was evident through his work as the EOSSAA Junior Boys Basketball Media Coordinator, where he helped manage livestreams and photography over the past two years. He also shared his enthusiasm for sport as a staff member at the RCI Sports Camp, helping organize activities and mentor younger athletes.

In his community, Owen has demonstrated a commitment to service through his involvement with the Hike for Hospice Renfrew, helping raise nearly \$1,000 for the hospice foundation while participating in the event. He also volunteered with OVTF, assisting with track activities for youth ages 10–16. Owen's dedication, leadership, and

Scholarships & Awards

passion for helping others make him a deserving recipient of the 2026 Brian Maxwell Memorial Scholarship.

Julie DeBoer of Emmanuel Christian High School in Fergus, Ontario, has distinguished herself as an exceptional student-athlete, leader, and community contributor. A 10-time OFSAA qualifier in Cross Country and Track and Field, Julie consistently competed among the best in Ontario. On the track, she was never lower than fourth place in the 800m and 1500m, capturing OFSAA gold in both events in Grade 10. She followed with a third-place finish in the 1500m in Grade 11 and also earned bronze in the 800m. In cross country, her top performance was an impressive eighth-place finish in Grade 10.

Although injury sidelined her most recent track and field season, Julie's response demonstrated remarkable resilience, determination, and strength of character—qualities that have defined her athletic journey. In the classroom, she has maintained an average above 90% in her university-level courses. This fall, she will attend Western University to pursue Nursing while continuing her running career with the Mustangs.

Julie's contributions extend well beyond athletics. At Emmanuel Christian, she is assisting in establishing a school swim team with the goal of ultimately providing opportunities for future student-athletes and promoting participation in the sport. Julie also performed as a violinist in the school band. In her community, she has served as a swim instructor, lifeguard, and supervisor since 2024, while also tutoring students and teaching violin.

Julie is assisting in the development and production of the documentary called Making the Cut, which follows Alicia Newell, an individual facing the reality of a potential above-the-knee amputation, and her involvement with the Canadian Paralympic climbing team. Julie is currently working on an adaptive/para climbing manual which will serve as a resource for the para climbing team and adaptive climbers across Canada.

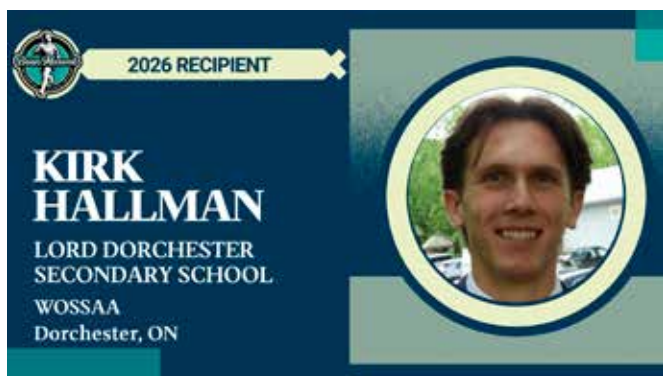

Kyla Farr is a graduating student from I.E. Weldon Secondary School in Lindsay and she has distinguished herself as an exceptional student-athlete and leader throughout her high school career. A nine-time qualifier for OFSAA in both Cross Country and Track and Field, Kyla has demonstrated remarkable dedication at the provincial level. Her top performances include an 11th-place finish in the 3000m in Grade 9 and a 13th-place finish in Cross Country in Grade 10, highlighting her competitive strength among Ontario's best.

Beyond her accomplishments in running, Kyla has been a valued member of the Wildcats' badminton, hockey, and soccer teams, showcasing her versatility and commitment to school athletics. Her leadership extends off the field as Co-President of the I.E. Weldon Athletic Union, where she has played a key role in organizing intramurals, leading fundraisers, and fostering school spirit.

Academically, Kyla excels with an average above 95% in her top six university-level courses. She is equally dedicated to her community, volunteering as a tutor, coaching youth soccer and hockey, and serving as a counsellor at a camp for children with physical disabilities.

Recognized for her character, positivity, and drive, Kyla will attend Trent University to pursue a Bachelor of Education with a concentration in Biology while continuing her athletic career in cross country and track and field.

Kirk Hallman of Lord Dorchester Secondary School in Dorchester has distinguished himself as an exceptional student-athlete, leader, and community builder. A graduate of LDSS, Kirk has achieved an outstanding 96% average across his best university-level courses. This fall, he will attend Western University, where he will enroll in the prestigious Ivey School of Business while continuing his athletic career with the Mustangs cross country and track and field teams.

A dedicated athlete, Kirk was a member of the LDSS cross country and track and field teams throughout high school, earning eleven OFSAA qualifications. He recorded seven top-ten finishes at the provincial championships, highlighted by two fifth-place finishes in the 1500m in Grades 9 and 10, as well as a fifth-place finish in the 300m in Grade 10. More recently, he placed eighth in the 1500m at OFSAA in June and finished 17th in Senior Boys Cross Country.

Kirk's impact extends far beyond athletics. He co-founded a youth-focused non-profit organization that raised \$5,000 and created a safe space for local youth. He also helped establish a community dog park in Thorndale and contributed to a community catalogue promoting 29 local businesses. His leadership skills were further demonstrated as a campaign manager for a mayoral candidate who earned an impressive 47% of the vote.

A senior carded soccer referee and dedicated community volunteer. Much like Brian Maxwell, Kirk is recognized for his character, entrepreneurial spirit, and commitment to making a positive difference.

To say Charlie Mortimer was involved in school life at Hillcrest High School in Ottawa, Ontario, would be a massive understatement. Over his four years, Charlie made a lasting impact as both an athlete and a leader, competing on the soccer and ultimate teams, while excelling in cross country and track and field.

A 10-time OFSAA qualifier, Charlie consistently performed at the highest level in Ontario. He capped his high school career with an outstanding fourth-place finish in the Open Boys 2000m steeplechase, following a fifth-place result in Senior Boys Cross Country earlier in the year. Nationally, he placed eighth in the 5000m at the Canadian U20 Championships, further highlighting his competitive excellence.

Charlie's leadership at Hillcrest was equally impressive. He served as the intramural program organizer for three years and was Co-President of the Student Council in Grade 12. His dedication was instrumental in revitalizing the school's intramural program, earning him two school awards—an accomplishment he considers among his most meaningful.

In the classroom, Charlie maintained an average above 90% and will attend Queen's University this fall to study Life Sciences. Beyond school, he volunteered with youth programs and supported local running events, including the Ottawa Lions Twilight Meets. A talented musician, he also contributed to the school orchestra as a violinist and plays guitar, reflecting his well-rounded character and commitment.

OFSAA Girls' AAA Rugby Championship

Lindsay

June 4 - 6, 2026

One Stop Talk

The 2026 OFSAA Girls' AAA Rugby Championship was hosted by I.E. Weldon Secondary School (COSSA) in Lindsay, providing an unforgettable championship experience for teams from across Ontario.

Convenor Kirk Wilson, who also served as the head coach of the host team, led an outstanding event alongside his dedicated organizing committee. The championship took place at both I.E. Weldon S.S. and the Lindsay Rugby Football Club, providing excellent facilities for athletes and spectators throughout the tournament. A special thank you goes to Kirk for his exceptional leadership and organization throughout the event. Every member of the organizing committee had a meaningful role, helping create a seamless registration process and a welcoming experience for all participants. OFSAA extends its sincere appreciation to Kirk, the organizing committee, volunteers, and the Lindsay rugby community for their incredible support in delivering a memorable championship.

The championship banquet was held as a breakfast on the opening day of competition and provided a special opportunity for athletes to hear from Canadian rugby Olympian Olivia Apps, who shared a video message introducing former teammate Maddy Donnelly who made her international sevens debut a few months ago for Rugby Canada. Both Olivia and Maddy are former I.E. Weldon rugby players who were coached by Kirk, and their messages encouraged student-athletes to take in the OFSAA experience while celebrating the opportunities and pathways available through rugby. During the banquet, the OFSAA Leadership in School Sport Award was presented to Robin Deshane in recognition of her outstanding dedication and commitment to school sport. Robin has been an invaluable member of the school athletics community, consistently supporting students, teams, and events in countless ways. Her passion, reliability, and willingness to help have made a lasting impact. Congratulations, Robin!

The championship highlighted the strong sense of community surrounding the event. On the evening of Day 1, downtown Lindsay welcomed teams through the "Shop With Your Squad" event,

showcasing the tremendous community support behind hosting an OFSAA championship. Athletes, coaches and families could be seen throughout the downtown area wearing their OFSAA gear and enjoying the hospitality of local businesses who provided the girls with coupons in their swag bags they received at the banquet. This unique initiative demonstrated the positive impact that hosting an OFSAA championship can have on a community and created memories that extended well beyond the rugby pitch. At the fields, teams battled hard while showcasing exceptional skill, determination, and sportsmanship. The bronze and gold medal matches provided thrilling finishes, with both games decided by only a single point and remaining competitive until the final whistle. In the gold medal match, it was not only a COSSA final match, but both teams represented their local association, Kawartha as well. This also contributed to the many spectators that showed up to cheer on the teams. Ultimately, the host school secured an historic victory, scoring in the final minutes to capture the OFSAA Championship banner for the first time in program history.

Congratulations to the 2026 OFSAA Girls' AAA Rugby Champions, I.E. Weldon S.S. student-athletes: Violet Bagshaw, Brooklyn Critchfield, Kaylin Durley, Emily Durley, Emmah Fuller, Rylee Griffith, Hailey Howell, Tenesha Jaipaul, Khaterina Karkoulas, Zoe Karkoulas, Cavelle Lefler, Millicent MacEachern, Teagan MacIntosh, Sophie MacIntyre, Zoe Matthew, Courtney McGuigan, Hannah Miller, Ella Millson, Abbey Moxley, Sierra Payne, Lily-Anna Pearson, Kennedy Phillips, Andi Plaunt, Brooke Pride, Madison Shea, Piper Smallwood, Meghan Thomson, Avery Tzountzouris, Kerrigan Vanderburg, Ruby Watson, Maddison Wills, and coaches Kirk Wilson, James Addison, Matt Roper, and Les Gilson.

OFSAA Track & Field Championship

St. Catharines June 4 - 6, 2026

OFSAA would like to thank Nike for their financial support to our championship host as well as the Regions.

The OFSAA Leadership in School Sport Awards were presented to Alana Juzenas of St. Thomas Aquinas (GHAC) and Steve Moran of Burlington Central High School (GHAC). Interestingly, Alana's father was a recipient of the Leadership in School Sport Award in basketball. The presentation to Steve was a heartfelt speech from his daughter, Ally, who was a member of the timing crew working this meet. These dedicated teacher-coaches embody the spirit and excellence the award represents.

This year's OFSAA Championship saw the first-ever running of the Mixed 4 x 400m relay. This event was a long time in the making and was a hit from the very start of the season, culminating with St. Joseph's CSS in Windsor winning the inaugural championship!

On the competitive front, Bill Crothers SS (YRAA) captured the Girls' Overall Title with 72 team points, besting second place Kingston SS who had 61 team points. The Boys' Overall Title was won by Resurrection CSS from CWOSSA with 57 points, narrowly defeating the 52 points earned by Sir Edmund Camp. The level of competition was remarkable, with many races decided by thousandths of a second and a total of three Canadian Interscholar records either tied or broken, alongside numerous OFSAA records.

Divisional Champions:

- Novice Girls: St. Joseph- Scollard Hall (NOSSA)
- Junior Girls: Bill Crothers SS (YRAA)
- Senior Girls: Oakridge HS (WOSSAA)
- Novice Boys: Parkside CI (WOSSAA)
- Junior Boys: Upper Canada College (CISAA)
- Senior Boys: Resurrection CSS (CWOSSA)

The 2026 OFSAA Track and Field Championship was held at the newly renovated Niagara Olympic Club facility in St. Catharines, home of Olympian Mo Ahmed! Mo was the silhouette for their meet logo and was on-site at the event to present awards and cheer on athletes (see image of Mo in the Table of Contents Page).

A total of 518 schools and 2,507 athletes participated in the championship. Under unseasonably warm and sunny conditions, the athletes had both environmental and competitive challenges!

Meet convenors Steve Moran of Burlington Central HS and Mike Smith of Dundas Valley SS, along with their committee, did a wonderful job of organizing the meet and providing a memorable experience for qualifying athletes, coaches and their schools. OFSAA is grateful to Steve, Mike and their committee for all of their hard work!
